Dead Men Do Tell Tales! Unearthing the Secrets of the Undead, in their Own Words!

"I believe that imagination is stronger than knowledge. That myth is more potent than history. That dreams are more powerful than facts. That hope always triumphs over experience. That laughter is the only cure for grief. And I believe that love is stronger than death." - Robert Fulghum

Logline: A team of renown psychics and mediums work side-by-side with historians, forensic experts and detectives to reveal the facts behind some of the most mysterious events of all time, revealing the shocking truth behind mysteries that have perplexed experts & fascinated the world.

Why not go straight to the source? We talk to the spirits of the damned from beyond and make a case for the facts.

Our group of spiritualists contact the dead and bring their secrets to a team of experts that investigate and/or confirm their stories. Sometimes it is deadly serious, sometimes funny and at all times revealing. Who killed JFK or Marilyn Monroe. Is Rodney Dangerfeld happy and still telling jokes?

"The most painful thing about being murdered is not being able to tell the world who did it. I looked into the face of my killer and took my last breath." Princess Diana Spencer

These are not ghost stories! These are the souls of the damned speaking out, telling the truth as they see it. The forensic and historical teams investigate the evidence, seeking out if the word from the dead is fact or fiction...and our mediums are never wrong. This series challenges everything you every knew about the afterlife, Heaven or Hell.

"There is no mystery. I was shot by two different gunmen and both were right behind me." President John F. Kennedy

Dead men do tell tales and you might not like what they say!
